T&T Driver Safety

1. Vehicle entry is managed via radio comms **CB - 11.**
2. **All truck drivers are asked to remain in their cab while being loaded.**
3. Truck drivers are permitted outside of their vehicle to open/close bin doors, when connecting/disconnecting truck & trailer units, at the load scanning area and the wash bay.
4. Please cover your load in a safe area. Either at the load scanning area if no other traffic is on site or at the beginning of Pinedale Road outside of the main security gates.
5. Always unload on the level concrete pads provided.
6. Please note that all operations will cease if we can not see you.

General Safety Information

Drugs and Alcohol

The possession of alcohol, illegal drugs and/or being under the influence is not permitted on our site.

Smoking

Smoking is only permitted in the designated area beside the site office. Due to the nature of the product on our site, there is an extreme fire risk.

Cell Phones

Talking on cell phones is not permitted on our site while driving (unless a hands free kit is installed).

Injury-Incident Procedure

All injuries or incidents must be reported to a GDL staff member ASAP and an incident form is to be completed. Forms and first aid boxes are located in the site office at Gate 3.

Near Misses and Hazards

Report all near misses, hazards and/or property damage to a GDL staff member for follow up.

Speed Limit

MAXIMUM speed limit is 15km per hour.

What happens if there is an emergency on our site?

1. An airhorn will be sounded and we will make contact with you either in person or on CB-11 to ask you to meet us at the Assembly Area (by site office – refer to the site plan over).
2. Emergency services will be contacted by our staff.
3. We will close Gate 2 so that no new T&Ts can enter the site while we are at the Assembly Area.
4. Under no circumstances can you leave the Assembly Area until the all clear has been given by our fire warden.
5. **If you discover an emergency make contact immediately with a GDL staff member and/or call 111.**
